

CITY OF HOUSTON-BELTWAY 8 WWTP

OWNER:	City of Houston
GENERAL CONTRACTOR:	Boyer
ARCHITECT/ENGINEER:	Klotz Assoc., Inc.
BOYER CONTRACT:	\$5,100,000
TYPE OF CONTRACT:	Prime Contract
PROJECT TYPE:	Utilities, Structures, Equipment
COMPLETION DATE:	2008

Boyer is expanding and rehabilitating the Beltway 8 WWTP. This project includes the complete rehab of the Aeration system and its 1000HP blowers, installing new 5KV Switchgear, 5KV motor control centers, 5 KV feeders and controls. Boyer is also installing a 2 room 20'x30'x12' precast concrete building manufactured by Lonestar Prestress Mfg., Inc. to house chemical distribution equipment as well as expanding the existing blower buildings.
